What Adrastia Is

Our mission

Adrastia™ protects people and organizations by proving what happened, so every victim has a real path to justice, restitution, and closure.

What we stand for: Evidence first · Speed saves money · Within the law, always · No one is above review · Victims are never left in the dark · Stronger together

Purpose

Adrastia proves what happened when something goes wrong. It seals evidence the moment it is captured, keeps a chain of custody anyone can check, and turns it into records police, insurers and courts can use. It also helps stop fraud and scams before money moves, traces fraud back to its source, keeps agreements honest, and keeps a business running through an outage.

Consumers	Businesses	Their clients
Families, scam victims, tenants, workers and policyholders. • Check a call, text, email or picture for scam signs (Scam Check). • Start a sealed Victim's Clock after a fraud and track every report made. • Keep sealed agreements with a contractor, landlord or co-parent (Oathcrest). • Record where personal data shows up online and every opt-out sent. • Hold their own sealed copy of a workplace report, move-in record or insurance claim.	*Investigators, attorneys, insurers, small firms, nonprofits, churches and agencies.* • Seal field and desk evidence and produce court-ready reports (HQ). • Spot risky payments, scams, intruders and outages, and act on them (Aegis). • Trace a fraud back to its front door and hand a sealed package to police, a bank or a court. • Call payees back before money moves (Antiphon); keep sealed workplace, rental and claim records. • Keep the business supervised when the owner is out (Continuity Vault).	*The people a business serves: clients, attorneys, adjusters, tenants, workers, payees.* • Free Viewer seats to read a case, its evidence and its custody log. • Check any sealed package or record themselves, free, without an account. • Get receipts: complaint receipts, payee callback receipts, their own party copy. • Join Oathcrest agreements free and confirm or dispute each point. • See where their matter stands without being left in the dark.

What it is designed to do

- Capture and seal evidence the moment it is collected.
- Keep a chain of custody that checks itself.
- Protect people and businesses from fraud and scams before money moves.
- Trace fraud lawfully to its source and hand police, insurers and courts a package they can check.
- Keep agreements honest with one sealed record every side sees.
- Keep the business running and supervised through outages and absences.

A seal proves a record has not changed since it was added. It does not prove what happened before it was added. Adrastia's methods are patent-pending.

Adrastia Oathcrest

A guide to Adrastia Oathcrest. Status: LIVE as of November 13, 2026.

What it is

Adrastia Oathcrest keeps one sealed record of an agreement that every side sees. Messages, terms, signatures, documents, bills and deadlines are sealed the moment they are added. It also holds the Continuity Vault, a sealed plan for who supervises a business when the owner cannot.

Who it's for

- Contractors and homeowners
- Lawyers and clients
- Employers and job candidates
- Landlords and tenants; co-parents and caregivers
- Business partners; real estate brokers and agents (Continuity Vault)

The problem it solves

A roofer and a homeowner agree on $9,000 by text, then argue about an extra $400. Nobody can prove who agreed to what. In Oathcrest, every term change must be accepted or disputed by the other side, and both keep the same sealed record for mediation or small claims.

How it works

1. Click New agreement, pick a type, name it, and list the parties.
2. Make invite links and send them; the other side joins free.
3. Work out the deal: Messages, Terms, Claimed facts, outside proof.
4. Sign the newest accepted version.
5. Keep it on track with Deadlines, Bills and Notices; download your Party copy or a Records packet if there is a dispute.

Getting started

- Sign in at adrastiaoathcrest.com (HQ members use their HQ login).
- First: New agreement tab > Open and seal the agreement.
- Help: Help link in the app header (Oathcrest user manual).

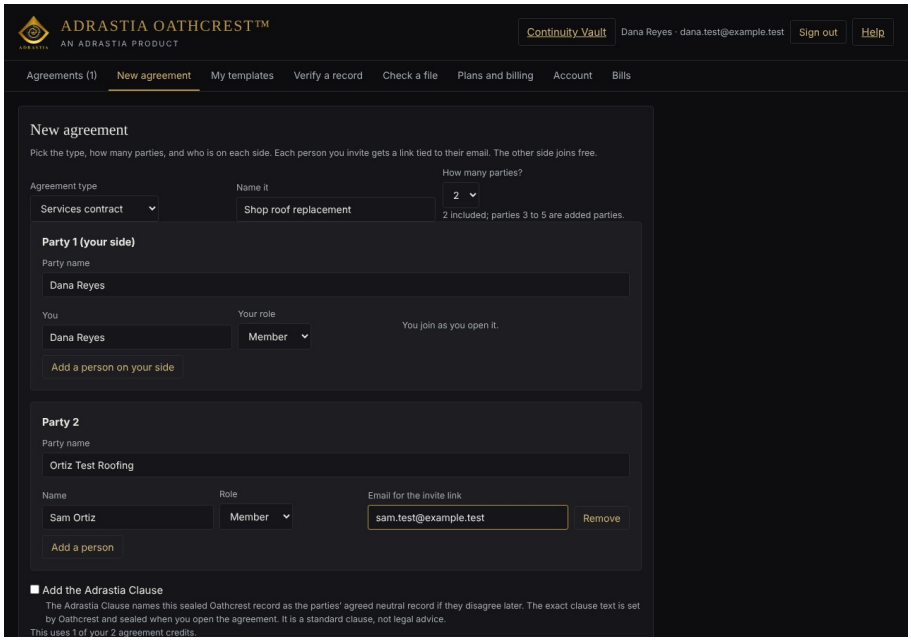

How it connects to the rest of Adrastia

An Oathcrest sign-off can be sealed into an HQ case (Add tab > Link an Oathcrest sign-off). The Continuity Vault also appears in Aegis under Continuity.

Adrastia Oathcrest: every component

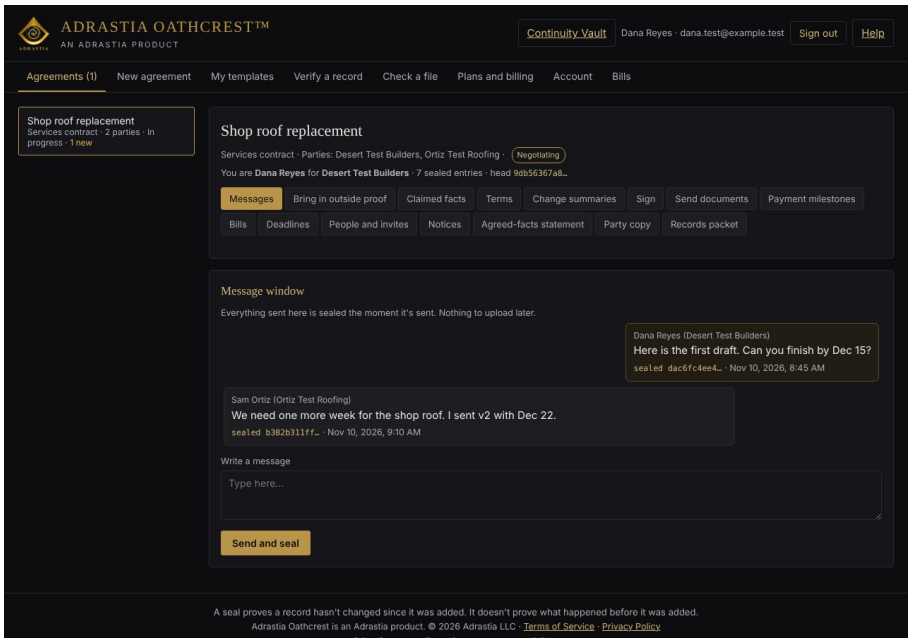

Oathcrest keeps one sealed record of an agreement that every side sees. Sign in at adrastiaoathcrest.com (HQ members use their HQ email and password). Tabs across the top: Agreements, New agreement, My templates, Verify a record, Check a file, Plans and billing, Account, Bills. The other side always joins free. Money never moves through Oathcrest. Status: LIVE.
